Symbols in textcomp

To use the symbols provided by the package `textcomp` include this line:

```
\usepackage{textcomp}
```

The symbols are used by calling them by their name. E.g. 🍃: `\textleaf`.
In mathematics the package `mathcomp` works. Then the prefix `text` is replaced by `tc`, for *t*ext*c*omp:

```
\usepackage{mathcomp}
...
$\tcleaf$
```

Symbole in textcomp

Die Symbole des Paketes `textcomp` werden folgendermaßen verwendet:

```
\usepackage{textcomp}
```

Dann die Symbole mit ihren Namen aufrufen: Zum Beispiel für 🍃: `\textleaf`.
Im Mathematikmodus funktioniert das Paket mathcomp. Dann wird der Prefix `text` durch `tc` für *t*ext*c*omp ersetzt:

```
\usepackage{mathcomp}
...
$\tcleaf$
```
